

Immune Support

Good Herbs Immune Support is made with pure, unaltered, chemical-free natural herbs that provide antimicrobial support. Bacterial and fungal outbreaks in the body can lead to many health problems. Immune Support contains a proprietary herbal blend of organic or wild-crafted herbs that contain antimicrobial properties in order to support healthy skin and immune function.

BENEFITS OF Immune SUPPORT

Candida is a fungus, which is a form of yeast, and a very small amount of it lives in your mouth and intestines. Its main job? Helping out with digestion and nutrient absorption. But when overproduced, candida can break down the wall of the intestine and penetrate the bloodstream — releasing toxic byproducts into your body and causing leaky gut. This can lead to many different health problems, from digestive issues to depression.

What are common symptoms of candida?

1. Skin and nail fungal infections, such as athlete's foot or toenail fungus
2. Feeling tired and worn down, or suffering from chronic fatigue
3. Digestive issues such as bloating, constipation, or diarrhea
4. Difficulty concentrating, poor memory, lack of focus, brain fog
5. Skin issues like eczema, psoriasis, hives and rashes
6. Irritability, mood swings, anxiety or depression
7. Vaginal infections, urinary tract infections, rectal itching or vaginal itching
8. Severe seasonal allergies or itchy ears
9. Strong sugar and refined carbohydrate cravings

Calendula – it's used for fungal such as athlete's foot and rashes

Chaparral - powerful blood, bowel and lymphatic cleanser

Lapacho – It is anti-fungal, anti-viral, anti-microbial, and anti-parasitic. excellent to normalize proper bacteria in body

Olive Leaf - has antimicrobial properties which protects cellular walls from harmful invaders

Garlic – Anti-microbial and anti-fungal may be used as a preventative for most infections including colds and candida. It can also rid the body of intestinal parasites while encouraging the development of beneficial intestinal flora.
